WEDNESDAY MORNING, MAR 25 186

Modern Democracy

We respect as much as any one the honest Democrat, who from principle maintained and occupied his position, fairly and earnestly opposed the theories of his antagonists and rejoiced in the manly victory he helped to win. The day however, when men of this stamp flourished and made their party respectable and patriotic, has passed away, and at present we have a motley gang of disaffected adventurers and treasonable demagogues who are endeavoring to make the former popularity of the word Democracy cover the enormity of their wickedness. All pro slavery men who love the "peculiar institution" better than the Union—who think more of keeping the negro in bondage than of moving the nation on to prosperity and honor—all the discarded politicians, who have lived on the public Treasury from boyhood until the people reformed them out—all the disappointed aspirants for, and expectants of, position under the present Administration—all, in short, who want an excuse to justify them in cursing the Government and supporting and sympathizing with the rebellion,—are now banded together in unholy alliance, and, pretending to be Democrats, are devising schemes for the destruction of the Union, and the transfer of its wealth and greatness to a Confederacy, the boasted "corner stone of which is Human Slavery." To accomplish this, they cheerfully sacrifice every other interest; they glory in the defeat of our arms, they abuse and vilify our leaders, they shout praises of Jeff Davis, and mourn that he is not in fact, as he is in their hearts, their ruler and the ruler of the land. To this point and for this purpose they are straining every nerve to bring the Democratic party into power, and the moment any of its old members refuse to become partners in such wickedness, they denounce and discard them as abolitionists, and unworthy of the Democracy, which cannot so well spare its patriots as they can the base organization which has usurped its place and its name. Alas for its glory in the days when Andy Johnson, Dickinson, Butler, McClernand and a host of like sympathies loved it and labored for it—these men labor for their country yet more in its hour of peril.

While the vile reptiles who once followed them, now presume to doubt *their* integrity and to read them out of an organization whose principal virtue was that such men were in it. What a democracy this country will behold when every patriotic man is driven from it—when only traitors control and manage it for treasonable ends! The dying Douglas spoke a solemn truth when he said that there were only two parties—Patriots and Traitors—and if living now he could not hesitate to say that the villains who are stealing the livery of Democracy to serve the Devil of rebellion in, were the basest even of traitors.

"Old Coronation."—As the 44th Massachusetts regiment was marching to battle recently, when quite wearied, and some of the men falling out of the ranks by the way, the noble old tune "Coronation" was started with the well-known words, "All hail the power of Jesus' name," and the effect is said to have been electrical. The good old tune rose as upon wings from the lips of the soldiers, and flew up and down the extensive column with such vigor and zest that the troops sprang along the road with roused and fresh spirits. The effect thus produced was not transient but lasting. The song for the conference meeting was the song for the army.

Not for Export.—Another important step on the subject of slavery has been taken by the Spanish Government. An order has been published in the official gazette dated Madrid, December 11, 1862, by which it is decreed that slaves going with their Cuban masters to the United States North, or to any free country, become thereby free the same as if they had gone to Spain. [illegible] by a national power that slavery is the creature of local laws, and that [illegible] rule for all mankind. Another [illegible] next message, says the St. Louis *Republican*.

Henry May, the Copperhead Congressman from Baltimore has just made a speech in which is the following [illegible] his brother Copperheads: "The people of the South believe, and I believe that there is established a fixed and unalterable antagonism between the two sections where slavery is and is not allowed and that no political union [illegible] can ever be maintained between them [illegible] *basis whatever*." [illegible] Mr. May prefers the destruction of the Union to the destruction of slavery and acts accordingly. This is the position of the Illinois and Indiana Copperheads and their position should be understood by all loyal men.

An American gentleman resident in Paris having received a copy of Gen. Butler's farewell address to the people of New Orleans translated it and carried it to the editors of the *Siecle* for publication. They [illegible] great pleasure in the next day's paper. But the next morning they notified this gentleman that they had received a caution (*avis officieux*) from the Government not to publish anything favorable to Gen. Butler.

A Prospective Indian War.—Recent letters from the Boise mines and vicinity contain reports in regard to the hostility of the Snake Indians in that country. Several persons have already been brutally murdered and scalped by these savages. Animals are driven off by them with impunity, and a hostile bearing towards the whites is manifested by this tribe in all their actions. That there will be a war with these Indians the coming summer there is now every reason to believe. For years these savages have kept up a constant terror to overland emigrants to the Pacific coast, and thousands have been deterred from crossing the plains simply because these Indians stood in the way [illegible]. Hundreds of emigrants have perished by the hands of this marauding bloodthirsty tribe, and their bones lie bleaching from the Rocky Mountains to the Grand Ronde valley. But the time, we hope, is near at hand when these savage fiends will get their dues and pay the penalty of their atrocious deeds by being swept from the face of the earth. They have commenced hostilities in such a manner that there can scarcely be any hope that they intend to show any mercy to the whites. [illegible] has never availed much with Indians when they have once assumed a hostile attitude towards the whites, and there can be nothing [illegible] anything in that way in the present instance. [illegible] let the [illegible] "Kill every Snake Indian on sight." By the slow process of Government expeditions there will be [illegible] available military force in the Boise region for some time to come, and until there is such a force there it behooves miners and others to prepare to protect themselves. Every one who goes to Boise should go well armed. Until the Indians are driven back from the road it is better and safer to go in parties of from ten to thirty than to straggle along by twos and threes. We do not wish to create any unnecessary alarm by cautioning the public in this manner, and we are only urging caution because we deem it advisable for those who go out to the mines to go prepared for any emergency that may arise, on the road or in the mines.—*Walla Walla Statesman*.

From Victoria.—The Victoria *Colonist* of 17th March says:

Messrs. Hallidie & Co., of San Francisco, have entered into a contract with Mr. J. W. Trutch, to erect a wire suspension bridge across the Fraser, about a mile from Chapman's Bar, to connect the new wagon roads. The intention is to have the bridge 202 feet span, 80 feet higher than the bed of the river, and 20 feet above the highest point which the river has ever attained after a flood. The roadway will be 14 feet in the clear, and it is calculated that the bridge will bear any weight that will be placed on it. The contractors estimate that in its construction it will take 50,000 pounds of wire work, 28,000 pounds of wrought iron and 120,000 feet of lumber. The piers will be of the most substantial description, nothing but solid masonry being used in building them.

A Proclamation has been issued by the Governor of British Columbia, creating the additional toll of 1s 4d for every fifty pounds weight of goods going by either of the Fraser river routes to the mines. The object of increasing the tolls is stated in the proclamation, viz: For the construction of the great routes of communication through the country and to provide funds for carrying on the same successfully.

Next Protocol to Secession of Texas.—The New York *Evening Post* states on what it claims to be reliable authority, that the Texas secessionists have in contemplation a plan through which they hope as soon as we succeed in opening the Mississippi to prevent us from taking possession of their State. "We will put ourselves," they say, "under the protection of France. We will say to France or to its representatives in Mexico that we have the same right to place ourselves under her protection now, as a few years since we had to separate from the Mexican Union and annex ourselves to the United States. We shall say that the enemy, by seizing upon the channel of the Mississippi has cut us off from the Confederacy to which we belong, but in the meantime our country is not occupied by the Federal troops, and now, before they can overrun it and wrest from us our independence, we ask leave to shelter ourselves under a power like France, which they will dread to encounter."

Company "C."—Jacksonville was honored by a visit from Capt. Kelly's company of mounted rangers. The appearance of the men was excellent, their bearing soldierly and their riding all that could be desired. The gallant Captain put them through a series of military evolutions in our streets, and afterwards on the race track north of town, which not only reflected the highest credit on himself and brother officers for their skill, energy and discipline, but showed that the men had made great proficiency in cavalry drill. Whatever may be the destination of company C, whether to scour the plains a terror to the felon Indian, or to meet their own race in the shock of battle, we ever expect to hear that they have done their duty faithfully and well.—*Sentinel*.

As used it comprehends all those [illegible] take the Jeff Davis [illegible] this city, as their text book [illegible] and help their friends, but constantly hope that the rebels [illegible] all those who are gay when our armies are defeated and who are grave when our armies have won [illegible] all who are in any way [illegible] Copperheads.—[illegible]

Our Government has ordered [illegible] rams, to be [illegible] more formidable than either the [illegible] *Warrior* or the French *Gloire*. The [illegible] armor [illegible] will be two [illegible] and the [illegible] bow [illegible] sharp as a knife blade. The batteries, it is said, will surpass anything of the kind hitherto conceived.

Proclamation and General Orders

Headquarters Dep't of the Pacific, San Francisco, March 14, 1863.

[General Orders No. 31.]—The following Proclamation of the President of the United States and the General Orders based thereon are published for the benefit of all concerned.

Washington, March 10, 1863.

I.—In pursuance of the twenty sixth section of the Act of Congress entitled "An Act for enrolling and calling out the National forces and for other purposes," approved March 3d, 1863, I, Abraham Lincoln, President and Commander-in-Chief of the Army and Navy of the United States, do hereby order and command that all soldiers enlisted or drafted into the service of the United States, now absent from their regiments without leave, shall forthwith return to their respective regiments and I do hereby declare and proclaim that all soldiers now absent from their respective regiments without leave who shall return before the 1st day of April 1863, report themselves at any rendezvous designated by the General Orders of the War Department, No. 58, hereto annexed, may be restored to their respective regiments, without punishment, except the forfeiture of pay and allowances during their absence, and all who do not return within the time specified shall be arrested as deserters, and punished as the law provides. And whereas evil disposed and disloyal persons at sundry places have enticed and procured soldiers to desert, and absent themselves from their regiments, thereby weakening the strength of the armies and prolonging the war—giving aid and comfort to the enemy and cruelly exposing the gallant and faithful soldiers remaining in the ranks to increased hardships and dangers. I do therefore call upon all patriotic and faithful citizens, to oppose and resist the aforementioned dangerous and treasonable crime, and to aid in restoring to their regiments all soldiers absent without leave, and to assist in the execution of the Act of Congress "for enrolling and calling out the National forces, and for other purposes," and to support the proper authorities in the prosecution and punishment of offenders against said act, in suppressing the insurrection and rebellion.

In testimony whereof, I have hereunto set my hand.

Done at the City of Washington this 10th day of March, 1863, and of the Independence of the United States the eighty seventh.

(Signed) Abraham Lincoln,
President.

War Department, Adj't Gen's Office, March 10th, 1863.

[General Orders, No. 58.]—I.—The following is the twenty sixth section of the "Act for enrolling and calling out the National forces, and for other purposes." Section 26—*And be it further enacted*, That immediately after the passage of this act, the President shall issue his proclamation, declaring that all soldiers, now absent from their regiments without leave may return, within a time specified to such place or places as he may indicate in his proclamation, and be restored to their respective regiments, without punishment, except the forfeiture of the pay and allowances during their absence, and all deserters who shall not return within the time so specified by the President, shall, upon being arrested, be punished as the law provides.

II.—The following places are designated as rendezvous, to which soldiers absent without leave may report themselves, to the officers named, on or before the first day of April next, under the Proclamation of the President of this date: To the commanding officer at Fort Vancouver, Washington Territory, or to the commanding officer of any military post, or officers in charge of recruiting.

III.—Commanding officers at the above named places of rendezvous, or in the absence of commanding officers, superintendents of recruiting services, recruiting officers, and mustering and disbursing officers, will take charge of all soldiers, presenting themselves as above directed, and cause their names to be enrolled, and copy of said roll will, on or before the 10th day of April, be sent to the Adjutant General of the Army. The soldiers so reporting themselves will be sent without delay to their several regiments. A list of those sent being furnished to the commanding officer of the regiment, and a duplicate to the Adjutant General of the Army. The commanding officer of the regiment will immediately report to the Adjutant General of the Army, the receipt of any soldier so sent to him.

By order of the Secretary of War.

(Signed,) L. Thomas,
Adjutant General.

2.—Officers to whom deserters surrender themselves will immediately report the fact to these head quarters—stating letter of company, (or name of captain) and number of regiment to which the man belonged, with such other information as they may possess—and await further orders in the case.

By order of Brigadier General Wright.

R. C. Drum,
Assistant Adjutant General.

Skill Displayed by our Gunners.—Since the commencement of the war the skill displayed by our army and navy artillerymen has excited universal comment. The rebels have at times shown great accuracy in their aim, but generally under peculiar circumstances. Their fortresses or batteries [illegible] practice great precision in striking [illegible] or bodies of troops within a certain [illegible]. This accuracy of aim is obtained by [illegible] practicing at targets at such points as [illegible] must pass. The guns are [illegible] such particular points [illegible] approach [illegible] severely [illegible]. When such [illegible] by a rebel gunner [illegible]. The result will be that the rebels will shoot with [illegible] mark. [illegible] during the war but was particularly [illegible] the case of the [illegible] *Montauk* when she lately attacked Fort McAllister. She had assumed a position which was one the rebels had practiced at. The result was they struck her some forty six times in quick succession. She moved [illegible] and then the firing at her and the fleet was very wild. Her example might serve in other cases and we hope it will. Our vessels of war as well as our artillery [illegible] which is considered wonderful by all foreign [illegible] who have visited [illegible] superiority [illegible]

A striking illustration [illegible] loyalty of the Illinois Legislature [illegible] In [illegible] resolutions [illegible] authorizing the Governor [illegible] transportation [illegible] Such an act is [illegible] United States Constitution, but the Copperheads don't know [illegible] restriction.

The arrivals and clearances at the port of New Orleans indicate a rapid resumption of commercial prosperity. Large quantities of domestic produce come up the river and the exports and imports are highly favorable, as compared with a few months ago.

WHEEL MACHINERY.—Mr H S Jacobs of this city, informs us that he has just completed a new machine for making wagon wheels, which surpasses anything of the kind ever before invented. This machine can be made to dress three sides of the felloe in one revolution of the wheel; it will also gauge the thickness of the felloe and the diameter of the wheel. One man, with this machine, can do the work of eight men under ordinary circumstances, and in a more perfect manner than can be done by hand. Those desirous of seeing the machine operate, can do so by calling this afternoon, at the first door North of the Gymnasium Hall. Mr Jacobs informs us, further, that he has applied for a patent right for this machine, which no doubt will be granted, as no invention of the kind has ever before been successfully attempted.

WILLAMETTE THEATRE.—The Willamette Theatre will again be opened to-night under the management of Mr J. P Dennison, upon which occasion will be presented the semi tragical play of "The Robbers, or the Forests of Bohemia," in which Mr & Mrs Waldron, assisted by Messrs. Thayer and Mortimer will appear in appropriate casts. The members of this troupe are so well and favorably known to the theatre-going portion of our citizens, we deem it only necessary to announce the fact of their appearance upon the stage to insure a full house.

FAVORS.—Wells, Fargo & Co again supplied us, last evening, with late copies of the upper Columbia papers, but they are somewhat barren of news of special importance, further than a general indication of reviving life and business, produced by the approach of Spring and warm weather in the mining regions. The snows are fast disappearing, and hundreds of anxious gold-seekers are on the move, to reap the golden harvest in store for those who may be lucky enough to find it.

AUCTION SALE.—It will be seen by reference to new advertisements, that M Mansfield will sell on Monday next, a large assortment of crockery ware, on credit, sale to be peremptory.

SAILS.—The *Brother Jonathan* sails for San Francisco direct, this evening at 4 o'clock.

NEW PUBLICATIONS.—We have received from H. H. Bancroft & Co, San Francisco, the following new publications. "Bancroft's Hand Book Almanac for the Pacific States, 1863; An Official Register and Business Directory of California, Oregon, Washington, Nevada and Washoe. Edited by Wm H Knight." Most of the matter in this invaluable work of 420 pages is not to be had from any other source. Under the Federal head, are tables of the officers of the General Government, to wit: Members of Congress, Ministers to foreign countries, Generals in the army, Commanders in the Navy, and all the Federal officers on the Pacific coast. Each of the States and Territories mentioned in the title, are then treated separately, giving lists of the executive, legislative, judicial and military officers complete, together with all of the county and town officers. Every city, town and village west of the Rocky Mountains, has a place in this book under a separate head, giving the postmaster, express agent, [illegible] and direction from the Capital or county seat, population, and lists of the merchants, physicians, attorneys, clergymen, [illegible], and other local information. An examination of its pages will make it a necessity to every one. Business men and public [illegible] cannot afford to do without it.

"Bancroft's Guide to the Colorado Mines, containing an elaborate map of Southern California and Western New Mexico, with tables of distances." This is an indispensable companion to all persons contemplating a visit to the Coso or Slate Range Districts, or the mines along the course of the Colorado river. Much of the topography and many of the names on this map were never before published on any map. The next contains interesting descriptions of the routes of travel from Los Angeles, and also from Stockton, by the way of Visalia, to the mines.

"Bancroft's Map of the vicinity of Richmond, and the Peninsular campaign in Virginia."

"Colton's Topographical Map of the Seat of War in Maryland, Virginia and North Carolina."

We understand that H H Bancroft & Co have just issued a new and enlarged edition of the *California Practice Act*, carefully and fully annotated by a member of the San Francisco Bar.

The great Duke of Wellington constantly asserted that nothing was worse than a *little* war. There can be no success unless you are in earnest. This is true in trade as well as in war, for who cares to purchase from a little stock. Heuston Hastings & Co the great Clothing men of Lick House Montgomery street, San Francisco, understand this for they have a sufficient variety of the latest styles and best material to furnish everybody to his entire satisfaction. Go and see them when you visit the City and you are sure to be well suited.

Dr Van Zandt will [illegible] new method of exciting the electro-galvanic current, together with his remedial measures which are adapted to the [illegible] of California, will assure you of a complete and radical recovery of all bodily and mental infirmities and will restore you to usefulness and spare you a blessing to your family and society.

All the world over

wherever disease exists, whether special to the soil and climate, or common to all regions—epidemic or casual, acute or chronic, contagious or non-contagious—it is as necessary to resort to the ELECTRO-GALVANIC equilibrium, especially in California, as it is to give food to the starving. This statement is based upon a series of facts extending through many years and verified by hundreds of patients; so that the principle of science, in rule of experience no result of any well known cause, rests upon more sure and [illegible] than those which underlie the world wide reputation of Electricity for the cure of all nervous states of the body, faulty digestion, mental and physical debility or prostration, coughs, asthma, wandering pains of a rheumatic [illegible] character, and all forms of disease the result of scrofula or cachectic habit of body.

None Need Despair of Relief.

If you have ills which will not heal—pains that cannot be removed—debility which you cannot shake off—loss of power which you cannot regain—depression of spirits which weigh you down—wakefulness that knows no sleeping—business that languishes for want of energy—a [illegible] which [illegible] anxiety—suspicion which no [illegible] since can allay—Go to Dr Van Zandt, for his great success and the safety with which he administers his new method of electrization together with his remedies which are adapted to the requirements of climate and constitution will assure you of a complete and radical removal of all bodily and mental infirmities within the scope of science and man to remove.

The Eye and Ear Diseases.

It must not be forgotten by the eye and ear sufferers that Dr Van Zandt has made these afflictions an especial study, and that he is the only Surgeon in our state who has made them a branch of practice. Very many of the eye and ear troubles are purely deranged nervous action and are cured by his electro-galvanic batteries—as amaurosis, squinting, cataract, floating specks before the vision, twitching of the eyelids, nervous deafness, roaring and buzzing noises in the ears, giddiness, etc. All operations successfully done on those delicate organs of sense.

PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties, the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely and take a dose of it internally, morning noon and night, it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhoea or a relaxed state of the bowels take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe the gum at the same time, it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe parts affected morning and night; at the same time take a dose of the Panacea internally.

If a Mother has a caked breast apply the Panacea as hot as it can be borne.

If you feel chilly or cold as though you were going to have a fever take a dose of Panacea.

If you have a wound, cut or galls upon your horse, apply the Pain Panacea. It will take out all the inflammation and heal the sore in a short time.

Miscellaneous Paragraphs.

The celebrated horse Ethan Allen, has been purchased by Frank Baker, of San Francisco, for $16,000.

A New Zealand chief maintained that he had a good title to his land, because he had eaten the former owner.

Stuart, an explorer, has just completed a journey across the continent of Australia.—He describes it as being well adapted for settlements.

It is stated on the authority of a letter from Paris, that the Messrs. Baring, of London, have five million dollars on deposit belonging to citizens of the South, who are either now in Europe, or on the way thither.

The Brooklyn City Court has given a verdict of $2,779 19 against the City Railroad Company, for injuries to a passenger caused by the refusal of conductor to stop the car long enough for her to get off.

The "Confederate" Attorney-General has decided that men with *any portion* of the blood of the white race, are liable to conscription under the Dixie laws, which is a way he has of saying that they can all be conscripted.

The President has appointed John F. Potter of Wisconsin, Governor of Nevada Territory. This is the "Bowie Knife" Potter, who modified some years ago, the "five to one" theory, in the estimation of Roger Pryor, of Virginia.

Preparations are about being made at the Fort Pitt Works, Pittsburg, for casting a 20-inch gun, which will weigh, in the rough, seventy-five to one hundred tons. It is intended to throw a solid shot weighing one thousand pounds.

According to the *Post*, a movement has been commenced in Cuba in favor of emancipation, and a petition on the subject to the Captain-General had been signed by 23 of the largest slaveholders on the island, and was, at last advices, still circulating.

A Southern Rebel sheet recommends State bonds as investments in preference to Confederate, because the State is an integer—a sovereignty, and cannot secede from herself, whereas a Confederacy may be broken up.—That's the beauty of the secesh theory.

A correspondent of the San Francisco *Call*, writing from St. Louis, mentions the recent death of Joseph Price, an old and well known steamboatman of the West. Capt. Price was the last living one of the crew that first ascended the Columbia river, Oregon, in 1801.

A funny story is told at Washington. Two members of the House asked permission to print their speeches instead of delivering them; and there are now in print two speeches, with different names upon them, which are so precisely alike as to excite astonishment. The inference is that the *manufacturer* made a mistake.

Quite a number of families in Lowell, Massachusetts, are taking advantage of the high price of raw cotton by selling the contents of mattresses, etc., to manufacturing companies at a large advance on the original prices. In one instance, over $500 was obtained in one family from the sale of the contents of cotton mattresses.

An old darkey convict in the Auburn State Prison, came bustling up to the keeper on New Years' day, saying, "I want to go! let me out!" "Out, old fellow, what do you mean?" "I want to go out. Massa Lincoln has set me free—me and all de darkies." He had been persuaded that the Proclamation reached his case.

Col. Higginson gives a very satisfactory account of the fighting qualities of his regiment of blacks which was organized at Hilton Head. Four companies of this regiment were recently sent on an expedition to St. Mary's, Florida, where they had a severe fight with a squadron of rebel cavalry, holding their ground like veterans, and, when the enemy finally broke and fled, insisting on pursuing them, in spite of their commander's prudent orders to the contrary. The troops, after destroying much rebel property, returned to Hilton Head with considerable spoil.

The amount of property in the District of Columbia, owned by parties engaged in the rebellion, and which is liable to confiscation, is estimated at between eight and nine millions of dollars. Although a year has elapsed since the passage of a confiscation bill, not a dollar's worth of this property has yet been condemned; and, as matters now stand, it never will be, as it is rapidly being eaten up by the agents and friends of the absent owners, and by attachments levied upon it for assumed debts.

The utter falsity of rebel reports is well exposed in the case of Col. John M. Harlan of the Tenth Kentucky Volunteers. A Knoxville paper stated that Gen. Woolford had declared at Lebanon, Kentucky, that if Lincoln did not modify his emancipation he would take up arms for the South; that the men cheered, and that "Col. Harlan, commander of the forces at Lebanon, was present, and after the meeting expressed his approbation of Woolford's course." Colonel Harlan, in a note to the *National Intelligencer*, says that he did not hear Woolford's speech, being at Lavergne, Tennessee, at the time, and not having been at Lebanon for a long while. He adds: "I never intend under any circumstances to fight for the rebel cause against the Government of our country. Nearly sixteen months' constant service in the Army of the Union has increased, rather than diminished, my opposition to the rebellion and all its aiders and abettors. I shall never live under any form of government which Jeff. Davis & Co. may establish."

A rebel spy was lately arrested at Baton Rouge while attempting to make his way into our lines. A search of his clothing revealed a memorandum addressed to several of our soldiers, and which contained ingenuous instructions for deserting from our lines to the enemy. A correspondent says: "From this dangerous paper we discovered a diabolical plot, and the fortunate arrest of this spy has frustrated the designs, which, had they been accomplished, might have been the means of shedding rivers of blood, and all by being betrayed by our own men. It appeared that two or three of our men were to desert on a certain morning at four o'clock, but this spy came to advise them to decamp at two o'clock instead of four, as there was danger of an attack on Baton Rouge that morning. Another astounding plot was disclosed, from which it appears that the rebels have made a standing offer to our troops, that all soldiers deserting from our lines shall receive a safe conduct through their lines, and be treated as friends, and then sent North as paroled prisoners of war. The matter will be investigated."

AYER'S Cathartic Pills,

(*SUGAR COATED,*)
ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK.

Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

PITTSBURG, PA., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing. Yours with great respect,

ED. W. PREBLE, *Clerk of Steamer Clarion.*

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., 7 Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours,

ALONZO BALL, M. D., *Physician of the Marine Hospital.*

Dysentery, Relax, and Worms.

POST OFFICE, HARTLAND, LIV. CO., MICH., Nov. 15, 1855.

DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here. GEO. J. GRIFFIN, Postmaster.

Indigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, WYOMING CO., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, SAVANNAH, GA., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.

DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years.

VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even **Deafness, and Partial Blindness,** have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.
